SPECIFICATIONS

- Input:100 V - 240 V ~, 50 Hz - 60 Hz, 1.3 A
- Ac plug type: CEE 7/16
- Output voltage: 19.5 V DC (± 5 %), 3.33 A max
- Output power: 65 W (max)
- Energy Efficiency: > 89 %
- Standby power consumption < 0.15 W
- Dimensions: 113 mm x 49 mm x 30 mm
- AC power cord length: 1.2 m
- DC power cord length: 1.0 m

PACKAGE CONTENTS

- Universal notebook power adaptor | • Power tips 10 pcs | • User manual

Power tips

FEATURES

EN
- 65 W universal power adapter for laptops
- Standard output of 19.5 V is compatible with most laptops
- 10 different connectors for most common laptop brands and models
- Overload, short circuit and overheat protection

NL
- Universele 65 W voedingsadapter voor laptops
- Standaardvoltage van 19,5 V is geschikt voor de meeste laptops
- 10 verschillende verwisselbare connectoren voor de meest voorkomende laptopmerken en -modellen
- Ingebouwde bescherming tegen overbelasting, kortsluiting en oververhitting

FR
- Adaptateur d'alimentation universel 65 W pour ordinateurs portables
- La sortie standard de 19,5 V est compatible avec la plupart des ordinateurs portables
- 10 connecteurs différents pour la plupart des marques et modèles d'ordinateurs portables courants
- Surcharge, court-circuit et protection contre la surchauffe

DE
- 65 W Universal-Netzteil für Laptops
- Die Standardausgabe von 19,5 V ist mit den meisten Laptops kompatibel
- 10 verschiedene Anschlüsse für die gängigsten Laptop-Marken und -Modelle
- Überlast-, Kurzschluss- und Überhitzungsschutz

PL
- Uniwersalny zasilacz 65 W do laptopów
- Standardowe wyjście 19,5 V jest kompatybilne z większością laptopów
- 10 różnych złącz dla większości popularnych marek i modeli laptopów
- Przeciążenie, zwarcie i ochrona przed przegrzaniem

CZ
- 65 W univerzální napájecí adaptér pro notebooky
- Standardní výstup 19,5 V je kompatibilní s většinou notebooků
- 10 různých konektorů pro většinu běžných značek a modelů notebooků
- Ochrana proti přetížení, zkratu a přehřátí

SK
- 65 W univerzálny napájací adaptér pre prenosné počítače
- Štandardný výstup 19,5 V je kompatibilný s väčšinou notebookov
- 10 rôznych konektorov pre najbežnejšie značky a modely notebookov
- Ochrana proti preťaženiu, skratu a prehriatiu

ES
- Adaptador de corriente universal de 65 W para laptops
- La salida estándar de 19.5 V es compatible con la mayoría de las laptops
- 10 conectores diferentes para las marcas y modelos de computadoras portátiles más comunes
- Protección contra sobrecarga, cortocircuito y sobrecalentamiento

IT
- Adattatore di alimentazione universale da 65 W per laptop
- L'uscita standard di 19,5 V è compatibile con la maggior parte dei laptop
- 10 diversi connettori per le marche e i modelli di laptop più comuni
- Sovraccarico, cortocircuito e protezione da surriscaldamento

DK
- 65 W universel strømadapter til bærbare computere
- Standard output på 19,5 V er kompatibel med de fleste bærbare computere
- 10 forskellige stik til de fleste almindelige bærbare mærker og modeller
- Overbelastning, kortslutning og overophedning
