

EnerGenie Programmable power strip

EG-PM2

YOUR SWITCH IS MY COMMAND

- EG-PM2 is a power outlet strip with advanced power management features. It is possible to individually switch 4 sockets on or off manually via your PC, by timer schedule, or by programmable special events (eg: switch on my scanner whenever I start Photoshop, or have my printer switched on only when I really print)
- Stay in control of all your electrical devices at home or in the office
- Program four sockets individually via your PC or laptop
- An advanced standby-killer for computer peripherals

Features

- Switch individual sockets on/off manually from your computer
- Switch individual sockets on/off by a programmable timer schedule
- Switch individual sockets on/off whenever a certain software event occurs (e.g. Windows/other software start-up/shutdown, print spooler starting and finishing its job, etc)
- Timers stays active even when the managing PC is turned off
- Child protected sockets
- Mounting holes
