energenie GREEN ENERGY FOR A BLUE PLANET

Premium high efficiency LED lamp, 12 W, E27 socket, 2700 K

EG-LED1227-01

- Revolutionary thermal design
- Improved light radiation angle up to 330°
- Ultra light weight design
- Super energy efficient up to 135 lumens per watt
- Guaranteed longer lifetime
- Best quality light!
- EnerGenie LED bulb the world's best! We used a unique 3D placement of the LED's in our EnerGenie LED bulb as opposed to the traditional flat surface 2D placement of LED's in most other bulbs. This results in a far better light distribution area of 330°, while most other LED bulbs barely provide 140°–160° light angles. The EnerGenie LED bulb produces an awesome 135 lumens per watt. This is around 40 % better than the traditional LED bulbs!
- Guaranteed longer lifetime!
- In addition to 2 year warranty: 3 years of free repair service, if required

Features

- 12 W high efficiency LED bulb, 1600 lm
- True replacement for 100 W incandescent light bulb
- Innovative heat-pipe cooling technology for a longer lifetime
- Very low energy consumption, saving at least 88% energy
- High color rendering (CRI 85) for vivid colors
- No warm-up time, instant 100% light
- E27 cap can be easily fitted to replace ordinary light bulbs
- Long service life of 50.000 hours
